

Ultimate FloraMax Super Critical 200 Billion High-Bifido Maximum Support Probiotic for Critical Care Needs*

- Convenient, Quick-Dissolve Powdered Formula
- Promotes Healthy Digestive & Immune Function*
- 3,000mg Beneo® P95 FOS Helps Nourish Healthy Flora*
- Dairy & Gluten Free

Powerful Digestive and Immune Support
Ultimate FloraMax Super Critical 200 Billion is a maximum support probiotic to help promote healthy digestive function and boost natural defenses.* The high-potency, flavor-free powdered formula dissolves quickly in beverages and soft foods for faster-acting relief when you need it most.*

One of the most powerful multi-strain probiotic formulas available today, Ultimate FloraMax Super Critical combines 102 billion Bifidobacteria and 98 billion Lactobacilli and Lactococcus cultures for complete digestive and immune support.* It also includes 3,000mg of Beneo® P95 FOS, a prebiotic that helps stimulate the growth of healthy intestinal bacteria to combat poor digestion and support healthy immune function.*

Ultimate FloraMax Super Critical 200 Billion provides maximum support for:

- **Improved Digestion**
Multi-strain blend helps improve digestion and relieve occasional diarrhea, constipation and indigestion.*
- **Healthy Detoxification**
200 billion active cultures ensure a healthy balance of intestinal bacteria prior to and during internal cleansing.*
- **Immune Function**
Probiotics help boost natural defenses by crowding out harmful bacteria and supporting the growth of healthy flora.*
- **Travelers' Support**
Easy-to-mix powdered formula helps combat travelers' tummy and boost immune function away from home.*

Available in 7 servings or 30 servings

Directions: For best results, take one scoop (4.4g) daily with a meal. Mix with beverages or soft foods and consume immediately. Do not mix with hot foods or beverages.

WARNING: Consult your physician before using this or any product if you are pregnant, nursing, trying to conceive, taking medication or have a medical condition.

The Importance of Probiotics

Probiotics—meaning “for life”—are the beneficial flora in your intestines that help crowd out the harmful pathogens responsible for illness and disease.* Because more than 70% of your body’s immune defenses are located in your digestive tract, making sure you have the proper balance of intestinal bacteria is an essential part of achieving and maintaining overall health.*

Clinical studies show that as we age, the number of healthy Bifidobacteria in our gut begins to decline. Bifidobacteria is the most prevalent good bacteria in the large intestine. Lactobacilli are the most prevalent good bacteria in the small intestine.

Ultimate FloraMax Super Critical 200 Billion was formulated by Brenda Watson, C.N.C., president of Advanced Naturals and the founder of natural healthcare clinics specializing in digestive care.
