

YeastZyme Max™

Powerful Multi-Enzyme Formula

- Daily Enzyme Formula for Yeast Overgrowth*
- Helps Maintain a Balanced Intestinal Environment*
- Supports Detoxification of Yeast*
- With SmartZYME™ Blend for More Potent Enzymes
- No Binders, Fillers or Excipients

What is Yeast Overgrowth?

Candida albicans is a microscopic yeast organism found in the human digestive tract. If yeast is allowed to grow out of control it may lead to fatigue, brain fog, sugar cravings, gas and bloating, recurrent vaginal infections or bladder infections, and more. YeastZyme Max is a powerful enzyme formula to support the detoxification of yeast overgrowth and promote a balanced intestinal environment.* It was formulated to use during cleansing and afterwards for daily maintenance.

YeastZyme Max's Unique Enzyme Balancing Blend:

- Lysozyme attacks yeast cell wall and the protein adhesions that allow candida to adhere to intestinal lining*
- Cellulase and hemicellulase help break down cellulose (vegetable fiber) and yeast cell wall*
- Amylase, invertase, lactase, glucoamylase and malt diastase help break down sugars and carbohydrates before they can ferment or be used by yeast*
- Protease helps break down proteins and yeast cell wall*
- Lipase helps break down fats and oils*

Helpful Dietary Changes While Addressing Yeast Overgrowth:

- Avoid or reduce intake of sugar
- Avoid or reduce intake of refined carbohydrates
- Avoid foods that contain mold or yeast
- Avoid artificial flavors, sweeteners and colors

YeastZyme Max was formulated by Brenda Watson, C.N.C., president of Advanced Naturals and founder of natural healthcare clinics specializing in internal cleansing and detoxification.

Supplement Facts

Serving Size: 3 Capsules Servings per Container: 15

	Amount per Serving	%DV**
Enzyme Balancing Blend	1,675 mg	
	Effective pH Range	Activity
Protease†	2.0 - 9.0	300,000 HUT ***
Cellulase†	3.0 - 6.5	112,500 CU ***
Hemicellulase	3.0 - 6.0	45,000 HCU ***
Lysozyme	3.5 - 7.0	22,500 mcg ***
Amylase†	4.0 - 6.0	18,000 DU ***
Invertase	2.5 - 5.5	1500 SU= 490 INVU ***
Lactase	3.5 - 5.5	750 ALU ***
Malt Diastase	4.0 - 6.0	375 DP° ***
Lipase†	4.0 - 7.0	300 FIP ***
Glucoamylase	3.0 - 6.0	150 AG ***
