

ZymeMax™

Advanced Digestive Restore Formula*

- Promotes a Healthy Intestinal Lining*
- Enhances Digestion & Nutrient Absorption*
- Plant Enzymes, Hydrochloric Acid and Pepsin
- With L-glutamine, N-acetyl D-glucosamine and Butyric Acid

ZymeMax™ is a digestive enzyme supplement with hydrochloric acid, pepsin and nutraceuticals that help to maintain a healthy intestinal lining.*

ZymeMax contains:

- Hydrochloric acid and pepsin work together in the stomach to help ensure complete protein digestion.* Further, in many cases, hydrochloric acid taken with meals helps to relieve occasional heartburn.*
- 10 plant-based enzymes that help break down food into nutrients the body can use.* With today's diet of cooked and processed foods, many of the vital, natural enzymes in foods are destroyed. Even with the healthiest diet, if you're not digesting your food well, your body is not getting the valuable nutrients it needs.
- L-glutamine, N-acetyl D-glucosamine and butyric acid are added to support the intestinal lining.*

ZymeMax may be taken as a daily digestive enzyme supplement or together with the ParaMax™ cleansing program.

Supplement Facts

Serving Size: 1 Capsule		Serving per Container: 90	
	Amount per Serving	%DV**	
Betaine HCl	432 mg	***	
Proprietary Blend	210 mg

 † SmartZYME Blend

Other Ingredients: Vegetable capsule (vegetable fiber and water)

Directions: Take 1 capsule directly following each meal. May increase to 2 capsules if needed.

WARNING: Consult your physician before using this or any product if you are pregnant, nursing, trying to conceive, taking medication or have a medical condition. **Notice:** Do not use if gastritis, gastric or duodenal ulcer, or bowel obstruction are present. Discontinue use if abdominal pain, nausea, or vomiting occur, unless directed by your physician.

Advanced Naturals uses an exclusive SmartZYME blend of enzymes that represent multiple strains blended to increase the potency of the enzymes over a broader pH range. These enzymes are more broadly effective in the human digestive system.
